MACHINERY | FORWARD TIPPING DUMPER

Forward tipping dumpers are considered to have one of the highest rates of accidents, causing serious injuries and even fatalities. This course will equip you with the knowledge and confidence to operate the machine safely, protecting both you and those around you.

This course offers two certificate options: operating either a tracked or wheeled machine depending on your needs.

COURSE CONTENT

- Plant Safety and the Law
- Machine Knowledge and Preparation for Work
- Travelling and Manoeuvring the Machine
- Machine Operation
- Securing Loads and Safe Transportation
- Theory Assessment
- Practical Assessment

EQUIPMENT REQUIRED

Protective Equipment:

- Steel toe capped protective boots with good grip and ankle support (complying with EN 345-1)
- Non-snag outer clothing appropriate to the prevailing weather conditions
- High-visibility clothing may also be appropriate
